■ Summary

Enthusiastic MCA graduate with hands-on experience in MERN stack (MongoDB, Express.js, React.js, Node.js), JavaScript, HTML, CSS, and GitHub. Skilled in building responsive, user-friendly full-stack web applications and implementing CRUD operations. Quick learner with strong problem-solving and teamwork skills, seeking a web development role to contribute technical expertise and grow professionally.

■ Technical Skills

Frontend: React.js, HTML5, CSS3, JavaScript, Vite
Backend: Node.js, Express.js
Database: MongoDB
Version Control: Git, GitHub
Tools: VS Code, Chrome DevTools, Postman
Soft Skills: Problem-solving, Communication, Team Collaboration

■ Projects

Gym Product Website (React + Vite)

Built a product showcase site with React and Vite, focusing on fast performance and responsive UI. Implemented product filtering and dynamic components. Deployed on Vercel for live usage.

User-Hive Webpage (MERN Stack)

Designed a CRUD-based user management app using React for frontend, Node.js and Express.js for backend APIs, and MongoDB for database management. Optimized responsive design for seamless use across devices.

Valorant Website Clone (HTML, CSS, JS)

Replicated Valorant official site's layout and interactivity. Enhanced cross-browser and mobile compatibility.
